"State, says he has "never spoken or low claims the right, under the schedule to the amended constitution, to appoint "all the officers of the State, both civil and military,"

WE WILL SELL THIS DAY, THESDAY Morning, Jan 12, 1869, at 10 o'clock, a fine line of STAPLE and FANCY DRY (GOODS, Ready-made Clothing, Hast, Capa, 2000), and the state of the schedule to the amended constitution, to appoint "all the officers of terms cash. CRUNK, DODSON & CO., rial nomination," nor does "he inrial nomination," nor does "he in- the State, both civil and military," tend to do so."

Mr. Agee exhibited commendexercising this usurped right during able thoughtfulness yesterday, the whole of his administration. when he proposed that the fees of This assumed right, coupled with counsel in the Rutter case should the power of removal, which it is not exceed the amount of the "school known the Governor exercises fund" recovered.

MR. SECRETARY FLETCHER avers | confesses "at once destroyed the remost positively that he is "a Grant man and a national Republican, and that "no man has any right or authority to speak of him otherwise," notwithstanding which some of his Radical friends have of late been in the habit of denouncing him as a "Copperhead," "Conservative," and "traitor to the party."

SENATOR NELSON has introduced a bill in the Senate to confer the right to vote and hold office on the women-that is every woman who can take the iron-elad oath. The

reduction in the Radical majority, as shown by the presidential election, must have frightened somebody. It was a scare that induced the Radicals to enfranchise He has discovered that his party

THE committee sent to Washington by the conference recently held ing disfranchisement which has in Richmond, to endeavor to have been enacted by the Radicals, not the pending constitution for their State so amended as to provide for universal suffrage, are encouraged with their reception. Several Senators and Representatives who have been consulted on the subject, express their willingness to vote for a bill to carry out the wishes of the Virginians.

COL. C. S. CAMERON, who was denied a seat in the Tennessee Legislature because he was not a Rad ical, was a candidate for Congress at the late election in Arkansas. But it seems that the Governor of that State managed to "elect" L. H. Rool, the Radical candidate, by throwing out the votes of several counties. Col. Cameron has given notice that he will contest the right of Rool to a seat in Congress, on the ground that he received the largest number of legal votes cast.

GRANT denies that he has said any thing derogatory of Carl Schurz, who is supported by a portion of the Radicals for United States Senator from Missouri. The Washington correspondent of the Louisville Democrat says in his dispatch of Jan. 10: "The recent statement of your correspondent to the effect that Gen. Grant is re ported to have pronounced Carl Schurz an adventurer, is corroborated by similar statements of the former made by him long be fore the presidential election to two gentlemen, whose names are furnished and whose veracity can be

GEN. GRANT is beginning to experience some of the troubles inci dent to high position. The Wash ington correspondent of the Cincin nati Gazette states that in answer to a letter from Wisconsin stating that friends of Hon. Matt Carpen ter are claiming that Gen. Grant has expressed himself as very auxious that Mr. Carpenter should be elected Senator, the General has directed Gen. Badeau to write that there is no authority for this statement; that he regards all the candidates as his friends, and will take no part in favor of any particular one, and has no desire to interfere in a matter which belongs to the Legislature alone. The Gen eral has also caused a letter to be written to a friend in Missouri denying in strong terms that he has ever spoken in disparagement of the character and services of Gen.

THE Radicals at Washington are in trouble about their inauguration ball. A petition was presented to the House Committee on public business and grounds, headed by the Mayor of Washington and embracing the Union League and the various other Republican organizations in the city, asking for permission to occupy the rotunda of the capitol and the old hall of the House of Representatives, for an entertainment, including dancing and a supper, to be given on the evening of the 4th of March. The committee instructed its chairman, M . Covode, to report a resolution granting the privilege asked. The idea of converting the capitol of the SAML. M. MURPHY & CO United States into a "dancing hall;" Nos- 17 and 19 West Columbia St., was too much for the "straightlaced members of the party, and the proposition created no little talk and scandal. It is now said that the room cannot be properly warmed, and that its floors are of stone, and one Senator declares that a ball there would result in the death of fifty persons from congestions and consumption. There appears to be no other hall large enough, and the city authorities do not feel able to put up a building for the purpose.

M. Pinchback, a mulatto, member of the Louisiana Legislature, has given notice of his intention to introduce a bill requiring all public conveyances, places of business and public resort, for which licenses are required, to be open to all, without distinction of color.
